LE BATTERIE PIU' AFFIDABILI IN COMMERCIO AL MONDO AGM

Robusti collegamenti stampati tra le celle per una maggiore durata

Valvole di sicurezza autosigillanti

Involucro di poli-propilene resistente agli impatti

Griglie di piombo ad elevata purezza per una vita più lunga

Poli resistenti alla corrosione

La robusta struttura Spiralcell® offre la massima resistenza alle vibrazioni e prolunga la vita del prodotto

Il tappetino di fibra di vetro assorbe l'elettrolita come una spugna, eliminando i versamenti di acido
